

You get a headache  
when you watch TV.

You get tired when  
you play soccer.

Your foot  
hurts when  
you eat spaghetti.

Your teacher  
gets angry when  
you're late.

You can't study hard  
when you're hungry.

You sing when you  
take a shower.

You play the  
trombone when  
you're romantic.

You get sunburned  
when you lie on a  
beach.

You think too much  
when you're sad.

You jump up and  
down when you're  
excited.
